REDTAIL RIDGE METRO DISTRICT NO. 1 2024 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree on June 17, 2020 and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the City of Louisville on February 18, 2020.

The District was established to provide financing for the design, acquisition installation, construction and completion of public improvements and services, including water, sanitation, street, safety protection, park and recreation, transportation, television relay and translation and mosquito control improvements and services.

Redtail Ridge Metro Districts Nos. 1-4 were formed at the same time and are expected to work together to provide for the acquisition, construction, and financing of the public improvements and the administration and operations for the Development.

The District has no employees and all administrative functions are contracted.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

District has the authority to levy 60.000 mills for the purpose of operating and maintaining the District's facilities and services and the cap is reduced to 10.000 mills after the District has issued debt. The Maximum Debt Mill Levy is 50.000 mills and can only be imposed for a term of 40 years. Aggregate Mill Levy Maximum is 60.000 mills (10 for Operations, 50 for Debt Service). Each of these mill levies can be adjusted for any changes in the assessment ratios from the time of the service plan approval February 18, 2020.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 4% of the property taxes collected.

Developer Advance

The District is in the development stage. As such, the operating and administrative expenditures will be mainly funded by the Developer. A portion of the capital expenditures are also expected to be funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

Expenditures

Administrative and Operating Expenditures

Operating and administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance and meeting expense. Estimated expenditures related to street repairs and maintenance, street lights, street sweeping, landscaping, mowing, parks and open space maintenance, utilities and snow removal were also included the General Fund budget.

County Treasurer's Fees

County Treasurer's fees have been computed at approximately 1.5% of property tax collections.
